You can learn about natural cures by improvising with things found at home.

Did you ever feel like your face was an elastic mask. I did. I desperately needed something to soothe and moisturize my skin. Yogurt was the perfect solution. After rubbing some on my face and letting it soak in I felt and looked twenty years younger. We have been told that they lower cholesterol, but they way that they do is not healthy, as it ends up collecting in the liver. These oils are easily oxidized and damaged by free radicals. When cooked they become rancid in a few hours, even in the refrigerator. This causes damage to our body at a cellular level, the end results showing up as problems like diabetes, cancer, hypothyroidism and heart disease.

And if that is not enough, these oils help us to get fat, lower the metabolic rate in our bodies, help suppress the thyroid function and cause our skin to age quicker.
